

## Greetings from Hickory Wind Farm-Alpacas & Fiber!!

Our ridge-top farm is located on Garves Coulee Road – the ridge top located behind Niedfeldt’s Old Oak Family Farm. And, we sincerely thank the Niedfeldt Family for providing us with this opportunity to tell you about our alpaca business. Yes, we raise quality huacaya alpacas and have for sale both breeding females and non-breeding males (for pets and fiber production.) Please see our website for an introduction to our delightful animals.

In addition, we have a specialty store located on our farm – *The HW Farm Shoppe* – which features quality practical products made from alpaca fiber. You will find that alpaca fiber is warm & breathable, durable, soft, wicks away moisture, and is hypo-allergenic. Among the items you will find are:
