All flowers are grown locally. The varieties change throughout the season. Herbs, dried flowers, broom corn, pussy willow, curly willow available all season.

A general list of the varieties of flowers we grow is attached. Typically we grow more varieties, and can custom grow specific flowers. Some flowers can be grown in different months, with advance notice so we can start seeds in our greenhouse.

Organically grown flowers available for purchase as bulk cut, simple arrangements, bridal bouquets, corsages, table decorations, and more.

Contact Kyle for questions and additional price quotes. Kyle – 608.386.8066.
